*Very special thanks **Lore**,

Thank you to everyone who has contributed!!!

## What kind of Snupineer are you?

**blpaintchart writes: Come along everybody! Put your Wolfy ears and your comedy noses on, and let's sing a chorus of the Snupineer song:**

*"Who are the boys we love to see wherever they may be?  
L-U-P-I-N-and-S-N-A-P-E!" etc.*

**Well, now that we are all official Snupineers, I thought it would be nice to find out what particular kind of Snupineer you really are. So, I have prepared a little quiz.**

**I tried to submit it to Witch Weekly but they wouldn't touch it: too many naughty words apparently. Humph! They ought to rename it Bitch Weekly. Anyway, what the hell do they know? No style or taste; they still think that a clothed torso shot of Lockhart constitutes decent wank fodder. But I digress.**

**Ready for the quiz?**

**Good, let's play!**

### **Q1. Where do Lupin and Snape live?**

- a. They have quarters in Hogwarts, and during the holidays, sneak away to Spinners End now that they've had it tastefully refurbished.
- b. Their lives are too full of terror, grief and angst for them to truly *live*. They merely exist.
- c. In a sweet little three bedroom cottage in a village by the sea, handy for the shops and nursery school, and quite close to Lupin's mother.
- d. Aboard the *USS Enterprise*.

### **Q2. Snape and Lupin are planning a night out. Where?**

- a. A nearby French bistro: hearty food served in an intimate setting.
- b. The only night out they'll ever get is locked in a Death Eater's dungeon as they await the rise of the full moon and the terrifying decision of whether to mate or die!
- c. The only night out they'll ever get is taking their cubs to visit the expanding Weasley brood for a playdate.
- d. They're going out clubbing, dressed as pirates. Obviously.

**Q3. Oh, look! Lupin has a bar of chocolate in his hand. This is because:**

- a. He's going to melt it, brush it all over Snape's naked, pliant body, then lick it off. Slowly.
- b. He has just taken a bite before realising that \*horrors\* it is poisoned! Now there must be a nail-biting race against the clock to see if Snape is able to brew a successful antidote that can save his very life!
- c. He always has a bar of choccie with him. Sometimes it's the only way to bribe little Teddy/ Serena/ Romulus; you know how stubborn toddlers can be!
- d. He's about to put a collar and lead on it and take it for a walk in the park. It's called Henry and is one of his many special pets.

**Q4. What the boys remember most about being students at Hogwarts is:**

- a. That evening together in Greenhouse Three; the light of the half moon, the scent of the blossoms, the touch of soft lips, the joy of innocent caresses!
- b. The night of the prank; Snape, a heartbeat away from being torn to pieces, and Lupin unknowingly staring at the hangman's noose. The terror of that night is etched in their psyches forever.
- c. Arranging to meet in the library to study together; they'd do some revision, talk about their families, and sometimes swap recipes.
- d. The annual wacky races; nude Professors racing in their British Leyland cars, students in fancy dress, commentary by Marc Bolan (except for the year when they could only get the mother and the ginger kid from the Partridge Family instead.)

**Q5. An owl has arrived for Snape. The letter it brings says:**

- a. I have nothing to offer you but myself; heart, body and soul. All my love, R. J. Lupin.
- b. Have captured werewolf, believe he's an acquaintance of yours. Expect you to attend the entertainment here tomorrow. Bring selection of poisons and sharpest knife. L.M.
- c. Another grandchild on the way? Congratulations! Am knitting more booties. Love, mum. PS Make sure you wrap up nice and warm now.
- d. Dear Mr Snape, Thank you for expressing an interest in purchasing the limited edition My Little Pony Collector's Corral. Additional accessories are as follows:

**Q6. Lupin has the biggest smile on his face now. This is because:**

- a. He has just made love with Snape, and now they are relaxing in each other's arms.
- b. He is holding a whip and a branding iron. By the end of the evening, he will have determined for once and for all whose side Snape is really on.
- c. He is watching his husband kiss their newborn for the very first time.
- d. The sloth just shat on the carpet, but luckily it missed his slippers.

**Q7. Snape considers his best friend to be:**

- a. Lupin, of course. The man is his lover, husband, best friend and the other half of his very being.
- b. Lupin, of course. Together they have survived war, abuse, ostracism, torture, rape, mutilation, disability and psychological breakdown. The fact that they've inflicted these things on each other is neither here nor there.
- c. Lupin, of course. Who else could possibly get a screaming baby to settle down at three a.m?
- d. Lupin, of course. Although Mr Whip comes a close second.

**Q8. It's Christmas! This year, the boys are spending it:**

- a. Together: roasting chestnuts, drinking wine, exchanging thoughtful gifts, drinking a toast to all those they've lost. Then getting into bed and fucking like bunnies for the rest of the week.
- b. Imprisoned in Malfoy Manor. In order to maintain his cover, Snape is expected to do unspeakably brutal things to Lupin in front of a bloodthirsty audience. (But you knew that already from Q5.)
- c. With all the Weasleys, exchanging childrearing tips, and trying to remain positive amongst the noise and mess and smell of nappies until Snape finally loses it and erupts in a ball of fury, wailing for the personality, body and intellect that he has had to sacrifice on the altar of Parenthood and.....
- d. In seventeenth-century France, helping the King in his struggle against the machinations of the evil Cardinal Richlieu. Ooh la la!

**Q9. Snape has woken up at 6am. This is due to:**

- a. Lupin's soft snoring as he cuddles closer in his sleep.
- b. That bastard MacNair drawing a blade over his prone body, as he promises yet another day of misery and sexual torture. Will Lupin ever come to his rescue?
- c. Little Artemis Lupin-Snape who has drawn a picture that daddy and papa must look at NOW! Oh, and she's spilt some Rice Krispies on the duvet.
- d. That bastard Rod Stewart practicing his "singing" in next door's garden. Again. Someone needs to sort out that gravel-voiced tosser; it's getting beyond a joke.

**Q10. Lupin has a secret fantasy he enjoys wanking to. Is it:**

- a. Snape. Just Snape. Always has been, always will be. It's all Lupin ever needed.
- b. In werewolf form, he's pinning down Snape and pumping angrily into his screaming body, even as his jaws tear out the terrified man's windpipe! And then all is silence.
- c. Something nice, cosy and respectable, only he can't remember what at the moment. Bringing up a young family, there's no time for sex, so even the wank fantasy has to go on hold for a few years. (sigh)
- d. James May testing out the suspension of an Austin Princess on a cobbled road.\*

**Q11. Surprise! The boys have lived through the war, and are about to receive their Order of Merlin. For this auspicious occasion, they decide to wear:**

- a. Lupin: velvet robes in deep red. Snape: silk robes in dark green. Both have platinum wedding rings and radiant smiles.
- b. Lupin: tattered trousers, slave collar, naked torso covered in fresh scars. Snape: finest Death Eater robes, Lupin's lead, Dumbledore's testicles as an interesting piece of jewellery.
- c. Lupin: beige slacks, button-down shirt covered in carrot vomit. Snape: support tights and maternity dress.
- d. Lupin: tiara, sequined boob tube, bronze hotpants, boots with a Cuban heel.  
Snape: the costume that Adam Ant wore in his 'Prince Charming' video.

Once upon a time, there was a not so little boy who lived in a <sup>1</sup> \_\_\_\_\_ near the forest. Whenever, he went out, the not so little boy wore a long, black, billowing cape, so everyone in the village called him <sup>2</sup> \_\_\_\_\_.

One morning, <sup>2</sup> \_\_\_\_\_ asked Albus if he could go to visit <sup>3</sup> \_\_\_\_\_ as it had been awhile since they'd seen each other.

"That's a good idea," Albus said. So they packed a nice basket for <sup>2</sup> \_\_\_\_\_ to take to <sup>3</sup> \_\_\_\_\_.

When the basket was ready, the not so little boy put on his long, black, billowing cape and <sup>4</sup> \_\_\_\_\_ Albus goodbye.

"Remember, go straight to <sup>3</sup> \_\_\_\_\_'s house," Albus cautioned. "Don't dawdle along the way and please don't talk to strangers! The woods are <sup>5</sup> \_\_\_\_\_"

"Don't worry, Albus," said <sup>2</sup> \_\_\_\_\_, "I'll be careful

But when <sup>2</sup> \_\_\_\_\_ noticed some lovely potions ingredients in the woods, he forgot his promise to Albus. He picked a few, watched the <sup>6</sup> \_\_\_\_\_ flit about for awhile, listened to the frogs croaking, thought about kissing one, and then picked a few more plants.

<sup>2</sup> \_\_\_\_\_ was not enjoying the warm summer day so much, that he didn't notice a dark shadow approaching out of the forest behind him... Suddenly, a werewolf appeared beside him.

"What are you doing out here, not so little boy?" the werewolf asked in a voice as friendly as he could muster.

"I'm on my way to see <sup>3</sup> \_\_\_\_\_ who lives through the forest, near the <sup>7</sup> \_\_\_\_\_," <sup>2</sup> \_\_\_\_\_ replied.

Then he realized how late he was and quickly excused herself, rushing down the path to <sup>3</sup> \_\_\_\_\_'s house.

The werewolf, in the meantime, took a shortcut...

The werewolf, a little out of breath from running, arrived at <sup>3</sup> \_\_\_\_\_'s house and knocked lightly at the door.

"Oh thank goodness dear! Come in, come in! I was worried sick that something had happened to you in the forest," said <sup>3</sup> \_\_\_\_\_ thinking that the knock was <sup>2</sup> \_\_\_\_\_.

The werewolf let himself in. Poor <sup>3</sup> \_\_\_\_\_ did not have time to say another word, before the werewolf <sup>8</sup> \_\_\_\_\_!

The werewolf let out a satisfied WOOT, and then poked through <sup>3</sup> \_\_\_\_\_'s wardrobe to find a <sup>9</sup> \_\_\_\_\_ that he liked. He added a frilly <sup>10</sup> \_\_\_\_\_, and for good measure, dabbed some of <sup>3</sup> \_\_\_\_\_'s perfume behind his pointy ears.

A few minutes later, <sup>2</sup> \_\_\_\_\_ knocked on the door. The werewolf jumped into bed and pulled the covers over his nose. "Who is it?" he called in a cackly voice.

"It's me, <sup>2</sup> \_\_\_\_\_."

"Oh how lovely! Do come in, my dear," croaked the wolf.

When <sup>2</sup> \_\_\_\_\_ entered the little cottage, he could scarcely recognize <sup>3</sup> \_\_\_\_\_.

"<sup>3</sup> \_\_\_\_\_! Your voice sounds so odd. Is something the matter?" he asked.

"Oh, I just have touch of a cold," squeaked the wolf adding a cough at the end to prove the point.

But <sup>3</sup> \_\_\_\_\_! What big ears you have," said <sup>2</sup> \_\_\_\_\_ as he edged closer to the bed.

"The better to hear you with, my dear," replied the werewolf.

"But <sup>3</sup> \_\_\_\_\_! What big eyes you have," said <sup>2</sup> \_\_\_\_\_.

"The better to see you with, my dear," replied the werewolf.

"But <sup>3</sup> \_\_\_\_\_! What big teeth you have," said <sup>2</sup> \_\_\_\_\_ his voice quivering slightly.

"<sup>2</sup> \_\_\_\_\_. You were supposed to say what a big nose you have," said the werewolf.

"Certainly not. You would just tell me mine was larger."

"Fair enough. The better to eat you with, my dear," roared the wolf and he leapt out of bed. Grabbed <sup>2</sup> \_\_\_\_\_ and pull him down onto the large firm but yielding mattress. The person in the bed was not <sup>3</sup> \_\_\_\_\_, but an insatiable werewolf.

"I'm not going on with the rest of this farce," said <sup>2</sup> \_\_\_\_\_. "<sup>3</sup> \_\_\_\_\_ knew didn't he/she/they?"

"Yes. I still want to eat you," the werewolf said.

"I imagine if I yell help a woodsman will come to save me?"

"Not a woodsman, but <sup>11</sup> \_\_\_\_\_ might show up."

"Oh dear. Well, we can't have anyone interrupting us," said <sup>2</sup> \_\_\_\_\_. "I suppose I'll just have to keep as quiet as possible."

"That'll be easier said than done," replied the werewolf, with a wink.

So, <sup>2</sup> \_\_\_\_\_ and the werewolf raided the basket for a nice lunch and then treated themselves to a lovely long shag.

# How Well Do You Know Lupin and Snape? A Quiz

By Westernredcedar and Blpaintchart

*(Quiz-writers' Note: In this quiz, Lupin owns a sloth. Maybe. In the quiz. In real life: who can say? Apart from Snape, obviously.)*

## 1. What did Snape say the first time Lupin kissed him?

- a. "Give me a reason to do it... and I will."
- b. "You've got a tongue like an eel, and you like the taste of a man's tonsils."
- c. "Fifty points to Gryffindor."
- d. It's a trick question: Lupin didn't kiss Snape. He didn't get a chance. Before he knew where he was, he found himself stripped, bound and lightly dusted with the powder from a sherbet dib dab, with an eager, gin-flavoured Potions Master plundering his mouth relentlessly. Or so legend has it.

## 2. What is seven and a half?

- a. Potter's IQ
- b. Lupin's glove size
- c. Snape's cock in inches
- d. The number of times Lupin & Snape have shagged secretly in Minerva's classroom

## 3. Lupin keeps a Grindylow because

- a. he can.

## Solution for “What Kind of Snupineer Are You?” from page 2-5

So, how did you score?

**Mostly a’s: You’re a Romantic Snupineer.** The boys live for each other, and reveal it in their own ways, whether through hearts, flowers and chocolate or smirking, sniping and soothing. Classic Master and Wolf stuff. Awwww! It’s ever so heart-warming, but let’s hope that all the gazing into each others’ beautiful eyes and whispered sweet nothings won’t distract them from the truly important task of going at it like a fucking train.

**Mostly b’s: You’re an Angsty Snupineer.** If the lads aren’t causing anguish and grief, you’re not interested. As far as you’re concerned, their lives ought to be full of pain, betrayal and missed opportunities, and the more tears shed, the better! You like to see them bruised, battered, bloody, and brutally buggered too. Have you ever thought of joining the Death Eaters?

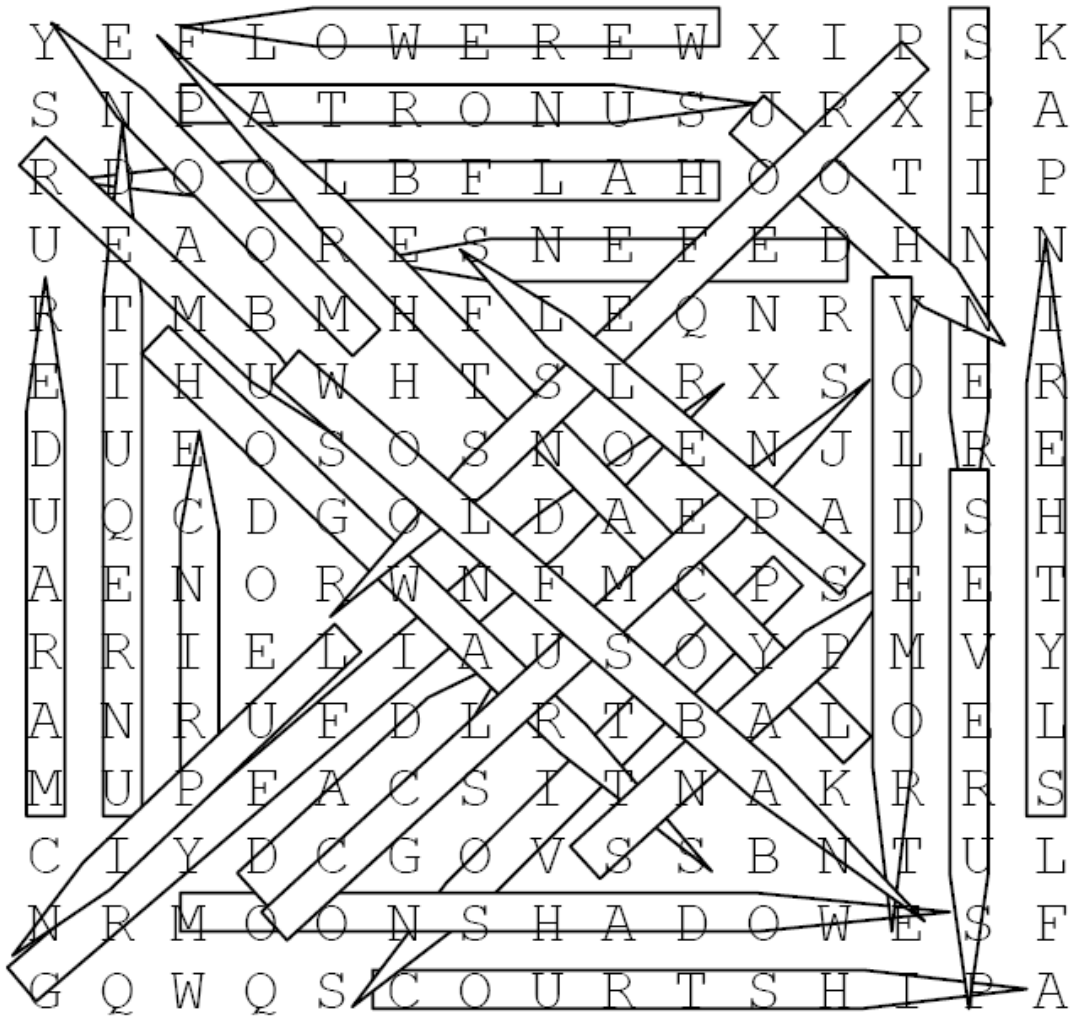

**Mostly c’s: You’re a Family Snupineer.** The boys need a cosy domestic arrangement, and your Potions Master (or possibly even Wolf) just isn’t complete without a fully-functioning uterus, or at least some nifty adoption forms. The patter of tiny feet is one way in which they express their love and commitment to each other. But, each to their own, and you know me; I’m hardly the sort to express an opinion about anything like this. You weirdo.

**Mostly d’s: You’re a Cracky Snupineer.** Whether it’s AU, AR, or simply the result of consuming too many additives with your fizzy drinks, you like the boys to be swashbuckling their way through a theatrical world of dazzling costumes and unbelievable scenarios. Or at least staggering drunkenly through a sex dungeon or thrift shop. I think I love you. What are you doing this weekend?

[\*This actually happened. Go on, have a look at the BBC’s website for Top Gear. I dare you.

NB: I meant the James May + Austin Princess suspension test. Whether or not Lupin actually used it as a wank fantasy, I couldn’t possibly divulge.]

## Solution to Mad Libs from page 15

The explosion in the potions lab brought Remus Lupin flying out of his quarts. "Severus!" he shouted. "What happened?"

Severus Snape glared at him through his slime-covered hair. "You idiot wolf, can't you see? I sometimes wonder what goes through your ridiculous excuse for a brain!"

"All right, all right! I'll help you!" cried Remus. He concentrated for a moment, then drew his wand and waved it at the filthy man. "Here. Does that help?"

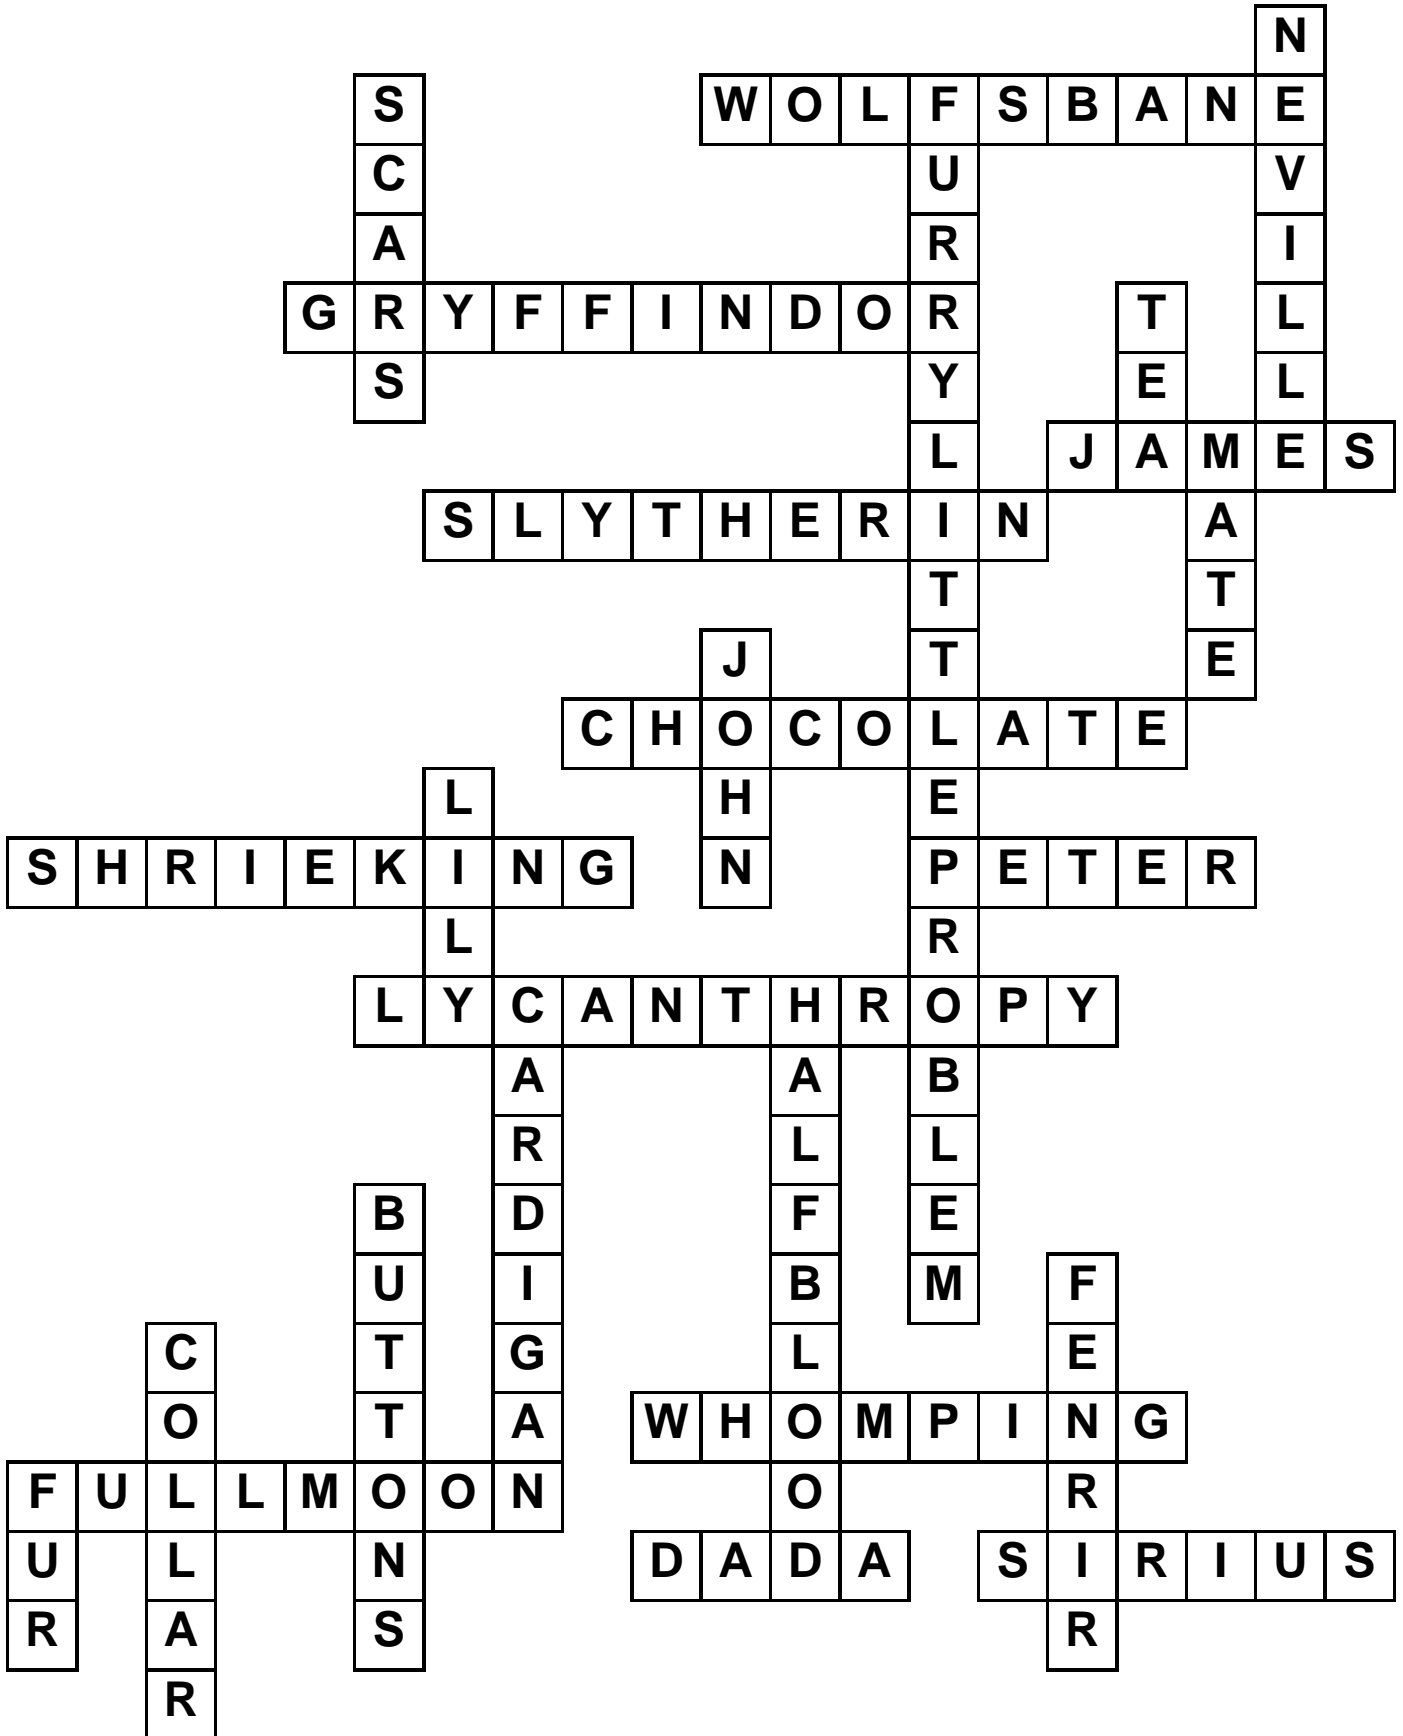

Severus' jaw went slack. He shook, then stood up and grinned at his fellow teacher. "Thank you, sweetheart. I feel like kissing you for hours and - "

He froze. "What did you do to me? I want to kiss you, and you're a werewolf! How can this be?"

"It must be the potion you got on yourself," said Remus. He smiled gently at and gave the other man a hug. "Are you going to knock me down?"

Severus thought for a moment. "No," he said, and hugged Lupin back.

**So, how many did you get right, and what does your score say about you?**

**0-5:** Oh dear. Do you know, there's a series of books about an irritating boy-wizard called Harry Potter, but there are some really quite delicious adult wizards in the stories. Maybe you ought to make yourself a cuppa, and read one of them? Although perhaps don't bother with the seventh one.

**6-10:** Well, that's a bit better. But perhaps you've been watching the films, rather than concentrating on your reading, eh? I'm sorry, but however amusing it is to play with the remote control and force poor Malfoy to keep fumbling that snow-globe in slo-mo, it can't make up for hours spent with your nose in the books.

**11-15:** Now, that's more like it! I think you can call yourself a true fangirl now. I expect you ponder daily on cardigans, chocolate, greasy hair and big cocks. As well you should.

**16-19:** Oh well done indeed! I bet your copies of the books are full of post-it notes in all the Snupiny chapters, and your hard drive is clogged to bursting with karasu\_hime's pics and mckay & arionrhod fics. You are awarded the Order of Snupin, first class.

**20:** Are you aware that there are other things in the world besides these two fictional characters? Unplug your computer immediately, and go and get some fresh air.

**\* The fabulous prize referred to earlier was, of course, complete freedom to explore the archives of the delicious lupin\_snape comm. \*cheesy grin and wink\***

**Thanks for playing!**

### *Sustenance*

When Severus moved into Remus and Teddy's flat, it was understood that Remus would handle the cooking for all three of them. He was no chef, but he was able to create meals suitable both for a small, active child and a sedentary former spy. Hermione habitually stopped by with cartons of takeaway the day after the full moon, and if the transformation had been especially taxing, they could count on receiving a hamper from Harry.

Severus dutifully thanked them for the gifts but ate very little of their offerings... and he always wolfed down the next meal Remus prepared.

## Scoring for “How well do you know Lupin and Snape” page 66

Give yourself one point for every time you've answered a

Two points for b

Three points for c

Eight points for d

Add up your score and.....

You're not really adding it up are you?

Not REALLY?

I mean, even *we* didn't actually go to the trouble of working it out.

You did?

Oh, well in that case.... have some results.

### **If you scored:**

**25-38** You work best with adding up small numbers. Think of yourself as a Neville Longbottom, we expect you're very good with plants.

**39-57** You can probably only be arsed to read the first two options for any question. This seems a bit lazy, but also quite sensible and rather endearing. You must be Ron Weasley, so good luck with marrying Miss Bossy Knickers.

**58-208** You enjoy a challenge, don't you? Choosing the options with the most amount of rude words (don't think we didn't notice!) You have the enthusiasm and pioneering spirit of Cedric Diggory. So, on the plus side, all the girls will fancy you, but on the minus side, you'll end up brutally murdered. Oh well, you can't have everything.

**209-371** Ha! Caught you out: there is no way you could have this score, the maximum is 208. You are a damned sneaky liar! Sneakier than Draco Malfoy, and probably even less charismatic than Seamus Finnigan. Imagine that! We're really rather shocked that lupin\_snape allow you in, actually. You know, we can't even think of a Harry-generation character you could be. You'll just have to be Peter Pettigrew, and may Merlin have pity on your soul.
